

Oakwood Gardens

North Providence

Hi Mr. Beausoleil, Lee and Jenn

I just want to thank you for the wonderful pavement job at Oakwood Gardens. It was 2 years in the making for us. Planning, coming up with the loan monies and executing the plan. We sat back and watch in amazement the way your crews worked. Not much talking, everyone knowing what to do. For me I doubted for months we could get the project done as we had very limited parking. In 2 days, you completed the project. I am very proud of your work. I saw your trucks go by my home on Phenix Ave. for many years. Always wondering if you would be the ones selected for our job. We made the right choice.

Thank you, Thank you, Thank you
